

## **Assembler Specialist**

Global Technical Systems (GTS) provides innovative, cost-effective, high-tech engineering products and product-based services encompassing latest generation software and hardware solutions and engineering services for defense, homeland security, and other critical Government interests. GTS products and services span a spectrum that includes: mission-critical combat systems processors; C4ISR; technology development including threat detection, biometric identification systems, and composite applications for munitions, armor and energy storage; avionics test systems; and lifecycle logistics support and repair.

As part of our continuing commitment to support our customers, **GTS is currently seeking an experienced Assembler Specialist** for our facility, **located in Virginia Beach, VA.**

### **Principal Duties:**

- Assemble electro-mechanical assemblies, electrical enclosures/cabinets, cables, and wire harnesses using a variety of tools such as crimpers, wire strippers, and soldering irons.
- Perform point to point wiring and equipment installs for 19-inch commercial and ruggedized enclosures.
- Build electrical assemblies in accordance with technical data package and work instructions (written or verbal).
- Read, comprehend, and interpret schematic drawings, wire list, diagrams, blueprints, specifications, work orders and reports.
- Assist with updating, loading, and verifying software/firmware.
- Help configure and test processing, storage, and networking equipment.
- Work may be performed in a lab environment or shipboard.
- May require travel nationwide and overseas.

### **Qualifications/Experience:**

- High School diploma or equivalent, with 5-7 years' experience in assembly operations.
- Knowledge of a variety of tools, hardware, and processes.
- Must be dependable and detailed oriented.
- IPC-610, IPC-620, and J-STD-001 certification is a preferred. Previous Miniature/Microminiature repair (2M) or MIL-STD-2000 training is a plus.
- Experience with CAT5/6, Fiber, coax cables, shielded wires or solder splices is also a plus.
- Current DoD security clearance, or ability to acquire and maintain a DoD security clearance, is required.

GTS offers a stimulating and exciting work atmosphere with competitive salary and benefits package.

GTS is ISO 9001:2015 certified.

We are proud to be an Equal Opportunity Employer, making decisions without regard to race, color, religion, gender, national origin, age, veteran status, disability or any other protected class.
